

General Guidelines For

Processing Your US Firearm Export License

Warning: UNITED STATES LAW REQUIRES THAT AN EXPORT LICENSE BE OBTAINED PRIOR TO THE EXPORTATION OF ANY FIREARM AND/OR RESTRICTED MATERIAL. IT IS A VIOLATION OF U.S. LAW TO EXPORT ANY FIREARM OR RESTRICTED MATERIAL WITHOUT PROPER UNITED STATES LICENSING.

In order to process your *US Export License* you need to do the following:

1. Obtain an Import License from your Government. This license should describe in detail the firearm(s)/restricted article(s) you are licensed to import. If your *Import License* is written in any other language than English you must provide an official transcript in English along with the original Import Permit.
2. Please provide a Letter of Intent (LOI) and a Purchase Order (PO). See sample forms attached.
3. Please fill out and return the original DSP-83 form. See form attached.
4. Please send all above mentioned documents to the following address:

Somarriba Inc. ♦ 12161 SW 131 Avenue ♦ Miami, FL 33186 (USA)

5. Once we receive your documents, we will submit an application for an *US Export License*. **We cannot guarantee that your license will be approved. This decision is entirely at the discretion of the U.S. Department of State and/or U.S. Department of Commerce.**
6. Once your application is approved your firearm(s) can be shipped to you. We ship firearms/restricted articles by commercial freighters.

The cost for processing a Firearm Export License is:

- US \$450.00 per U.S. Department of State
- US \$250.00 per U.S. Department of Commerce

This is a non-refundable fee. All processing fees must be paid prior to commencing the application process. This fee is subject to change at any time. You are responsible for all charges associated with shipping and handling.

If you have any questions do not hesitate to contact us.

INSTRUCTIONS FOR DSP-83

The U.S. Department of State requires that this completed form DSP-83 be included as a part of an application for authorization to export significant military equipment and classified equipment or data (22 CFR §§123.10(a), 124.10 and 125.7.) Failure to submit will result in the application being returned without action. The form DSP-83 must be completed by the appropriate foreign persons (e.g., consignee, end-user, government) and forwarded to the U.S. Department of State through the U.S. person making the application.

1. *Item 1.* The U.S. Department of State will enter the application number when the form DSP-83 is submitted with the application. The U.S. applicant must provide the application number when form DSP-83 is submitted separately from the application.
2. *Item 2.* Show the name of the U.S. person submitting the application to the U.S. Department of State.
3. *Item 3.* Show the foreign person that will receive the articles/data for end-use. A bank, freight forwarding agent, or other intermediary is not acceptable as an end-user.
4. *Item 4.* Show the country in which the articles/data will ultimately receive end-use.
5. *Item 5.* Show precise quantities of the articles/data. List each article/data clearly, giving type, model number, make and (if known) U.S. military designation or national stock number. When components and spare parts are involved, fully identify the minor component, major component and end item in which they will be used (e.g., turbine blades for C-34 jet engine for F24B aircraft). Give a separate value for each major component. Values must represent only the selling price and not include supplementary costs such as packing and freight.
6. *Item 6.* To be completed by the foreign person who has entered into the export transaction with the applicant to purchase the articles/data for delivery to the end-user. This item shall be completed only if the foreign consignee is not the same as the foreign end-user.
7. *Item 7.* To be completed by the foreign person, in the country of ultimate designation, who will make final use of the articles/data.
8. *Item 8.* When requested by the U.S. Department of State, this item is to be completed by an official of the country of ultimate destination having the authority to so commit the government of that country.
9. *Item 9.* Certification of U.S. applicant.

*This collection of information is voluntary. Public reporting burden for this collection of information is estimated to average 60 minutes per response, including time required for searching existing data sources, gathering the necessary documentation, providing the information and/or documents required, and reviewing the final collection. You do not have to supply this information unless this collection displays a currently valid OMB control number. If you have comments on the accuracy of this burden estimate and/or recommendations for reducing it, please send them to: Department of State, 2401 E St. NW, 12th Floor, Washington, D.C. 20037.
